Fort Wayne, IN - Bowmar LLC announced the hiring of Jeanice Croy as Chief Executive Officer. Croy began her new job today.

Most recently, for the past 9 years Jeanice was President of Tuthill Transfer Systems in Fort Wayne. Jeanice has over 20 years of manufacturing experience. She has a bachelor's degree in accounting from the University of Kentucky. She is a board member of Trine University. Jeanice has ties to the local community where her husband owns and operates Fleet Feet, a retail store stocking athletic shoes.

Bix Benson, Chairman of the Board, said "We conducted a thorough nationwide search and evaluated some excellent candidates from across the United States. Jeanice stood out as the kind of leader we were looking for to grow both the top line and the bottom line of our business. She has excellent sales management and continuous improvement experience".

Bowmar was founded in 1951 and invented the first hand held digital calculator, the "Bowmar Brain". Bowmar LLC is a privately held company.

Bowmar LLC provides the aerospace and defense industries with mechanical, electromechanical and electronic assemblies, as well as high-reliability interface products and precision gear train assemblies.
