

September 2017

Bowmar, LLC has appointed HC Pacific as its exclusive stocking distributor and inventory management partner in select foreign military markets that support the F-15 and F-16 platforms.

“We are pleased to have formed a strong distribution partnership for our products with HC Pacific. We are confident that this partnership will greatly improve the availability and support of these products worldwide,” said Tim Lankenau, CEO of Bowmar LLC.

“This agreement represents a strong alliance with Bowmar, the recognized manufacturing leader for an extensive portfolio of complex products that support the aerospace and defense industries. Bowmar and HC Pacific’s combined market capabilities will result in an exceptional value proposition for the aviation industry“, stated Andrew Pramschufer, CEO of HC Pacific.

About Bowmar, LLC

Bowmar, serving the aerospace and defense industries for more than six decades, is a trusted, recognized leader for Human-Machine Interface Solutions, Custom Gear Products, Line Replaceable Units (LRU's) and Subsystems.

About HC Pacific

For over forty years, HC Pacific has been a trusted source for the fast delivery of OEM-certified aerospace parts and innovative supply chain solutions across a broad array of military and commercial platforms. Through our portfolio of intelligent supply chain solutions, we eliminate operational risks and simplify inventory management.
